

Child Find

A Search for All Children with Disabilities

Your school district is interested in locating, identifying and evaluating children suspected of having a disability. If you have or know of a child who may have a disability, contact your local school district (listed on the back) for more information.

Who are the children suspected of having a disability?

- ◆ A child appearing to exhibit a developmental delay;
- ◆ A child with a suspected deficit in one or more of the developmental areas: communication, vision, hearing, motor skills;
- ◆ A child who may be known to have or appear to have any of the following: autism; hearing impairment, including deafness; mental retardation; multiple disabilities; orthopedic impairment; other health impairment; emotional disturbance; specific learning disabilities; speech or language impairment; traumatic brain injury; visual impairment, including blindness.
